Governor, Prospero

Reuben had a heated discussion with Isaac yesterday; says Chambliss is in town and stirring the pot. Isaac is under pressure; they are saying he is selling out. Reuben told Isaac he needed to sign it with out his new sentence on funding, but Reuben believes that Isaac "is having trouble pulling the trigger".

I told Reuben that if Isaac can't step up we need to get the Congressman to do so; that the appropriation process is moving on. He will call Thompson and let me know. He says Thompson is getting the same calls as Isaac.

Biggers is expecting a signed Agreement tomorrow to review before Friday. I will follow up.
